Independent Auditor's Report

Board of Trustees
Texas A&M University 12th Man Foundation
College Station, Texas

Opinion

We have audited the accompanying financial statements of Texas A&M University 12th Man Foundation (the Foundation), which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Texas A&M University 12th Man Foundation as of June 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Foundation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore

is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Texas A&M University 12th Man Foundation

Notes to Financial Statements

June 30, 2022 and 2021

Note 1: Nature of Operations and Summary of Significant Accounting Policies

Nature of Operations

Texas A&M University 12th Man Foundation (the Foundation) is a not-for-profit organization that was formed to operate exclusively for charitable purposes and make expenditures to or for the support or benefit of Texas A&M University (the University), and its intercollegiate athletic program. Funds donated to this organization are primarily used to provide athletic scholarships to student athletes who attend the University, to help maintain and improve Texas A&M athletic facilities and support its 20 athletic programs.

Basis of Presentation

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses, gains, losses and other changes in net assets during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, money market accounts and a certificate of deposit. The Foundation considers all liquid investments with original maturities of three months or less to be cash equivalents. At June 30, 2022, the Foundation's cash accounts exceeded federally insured limits by approximately \$59,208,000.

Classification of Gifts

The Foundation reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, net assets with donor restrictions are reclassified net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. Gifts and investment income that are originally restricted by the donor, and for which the restriction is met in the same time period, are recorded as net assets with donor restrictions and then released from restriction.

The Foundation reports gifts of land, buildings and equipment as unrestricted support, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used are reported as restricted support.

Texas A&M University 12th Man Foundation

Notes to Financial Statements

June 30, 2022 and 2021

Unconditional promises to give with payments due in future periods are reported as net assets with donor restrictions.

Contributions

The Foundation periodically solicits gifts from its donors in support of University sponsored athletics. Such gifts are used to fund facilities, scholarships and programs to accomplish its mission.

Contributions are provided to the Foundation either with or without restrictions placed on the gift by the donor. Revenues and net assets are separately reported to reflect the nature of those gifts – with or without donor restrictions. The value recorded for each contribution is recognized as follows:

Unconditional gifts expected to be collected within one year are reported at their net realizable value. Unconditional gifts expected to be collected in future years are initially reported at fair value determined using the discounted present value of estimated future cash flows, including an allowance for uncollectible contributions estimated by management.

Conditional contributions and investment income having donor stipulations which are satisfied in the period the gift is received and the investment income is earned are recorded as revenue with donor restrictions and then released from restriction.

Conditional gifts depend on the occurrence of a specified future and uncertain event to bind the potential donor and are recognized as assets and revenue when the conditions are substantially met and the gift becomes unconditional.

When a donor stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. Absent explicit donor stipulations for the period of time that long-lived assets must be held, expirations of restrictions for gifts of land, buildings, equipment and other long-lived assets are reported when those assets are placed in service.

Restricted contributions are recorded in the with donor restrictions net asset class. If the restrictions are met during the year, the amounts are reflected in assets released from restriction on the statements of activities.

Commitments

The Foundation has made commitments over the years to the University in order to fund large athletic projects, particularly those for major building and infrastructure projects supporting University athletics. Funding for these projects is sourced from donor contributions. While these commitments do not represent legally binding obligations of the Foundation and are, therefore, not reported on the balance sheets of the Foundation, the Foundation does plan to pay these commitments as they become due. Please refer to Note 9 of these audited financial statements for additional details on these commitments.

Texas A&M University 12th Man Foundation
Notes to Financial Statements
June 30, 2022 and 2021

Investments

Investments in equity securities having a readily determinable fair value and in all debt securities are carried at fair value. Investments in Texas A&M Foundation pooled funds and money market fund are recorded at net asset value (NAV), as a practical expedient, to determine fair value of the investments.

Net Investment Return

Investment income consists of dividends, interest and other investment income; realized and unrealized gains and losses on investments carried at fair value; and realized gains and losses on other investments, and is net of investment fees.

Investment income that is initially restricted by donor stipulation and for which the restriction will be satisfied in the same year is included in net assets without donor restrictions. Other investment return is reflected in the statements of activities with or without donor restrictions based upon the existence and nature of any donor or legally imposed restrictions.

All gains and losses arising from the sale, collection or other disposition of investments are accounted for on a specific identification basis calculated as of the trade date in the fund that owned such assets.

The Foundation maintains pooled funds for its endowment. Investment income and realized and unrealized gains and losses from securities in the pooled funds are allocated monthly to the individual endowments based on the relationship of the fair value of the interest of each endowment to the total fair value of the pooled funds, as adjusted for additions to or deductions from those accounts.

Investments in Pooled Funds Held by Texas A&M Foundation

The Foundation has established an investment account at the Texas A&M Foundation through purchase into the Texas A&M Foundation investment pool. The account holds the assets of the Foundation placed in the investment pool including any additions, proceeds, income and profits and losses and withdrawals.

The Foundation may terminate the agreement by either full and immediate termination of the account or systematic withdrawal of the account over an extended period. Full and immediate termination is subject to a fee of 10 percent of the account's assets. The account may be terminated without penalty by annual withdrawals over a period of five years (20 percent, 25 percent, 33 1/3 percent, 50 percent and 100 percent) of the remaining account balance in each consecutive year.

Property and Equipment

Property and equipment are stated at cost less accumulated depreciation. It is the Foundation's policy to capitalize property and equipment over \$5,000. Furniture, fixtures and equipment are being depreciated over estimated useful lives ranging from five to ten years using the straight-line method.

Texas A&M University 12th Man Foundation
Notes to Financial Statements
June 30, 2022 and 2021

The cost of maintenance and repairs is charged to expense as incurred. When assets are retired or otherwise disposed, the cost and related accumulated depreciation are removed from the accounts, and any resulting gain or loss is recognized as income in the statements of activities for the year.

The estimated useful lives for each major depreciable classification of property and equipment are as follows:

Furniture and equipment	5-10 years
Leasehold improvements	39 years
Vehicles	5 years

Long-lived Asset Impairment

The Foundation evaluates the recoverability of the carrying value of long-lived assets whenever events or circumstances indicate the carrying amount may not be recoverable. If a long-lived asset is tested for recoverability and the undiscounted estimated future cash flows expected to result from the use and eventual disposition of the asset is less than the carrying amount of the asset, the asset cost is adjusted to fair value and an impairment loss is recognized as the amount by which the carrying amount of a long-lived asset exceeds its fair value.

No asset impairment was recognized during the years ended June 30, 2022 and 2021.

Endowments

The Foundation records declines in fair values in these donor-restricted endowment funds by reducing net assets with donor restrictions to the extent there is net appreciation on related funds with donor-imposed restrictions. Any remaining decline in fair value in excess of amounts classified as net assets with donor restrictions is recorded as a reduction in net assets without donor restrictions.

Net Assets

The two net asset categories incorporated in the Foundation's financial statements are described as follows.

Net assets without donor restrictions are available for use in general operations and not subject to donor restrictions. The governing board has designated, from net assets without donor restrictions, net assets for athletic reserves.

Net assets with donor restrictions are subject to donor restrictions. Some restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

Texas A&M University 12th Man Foundation

Notes to Financial Statements

June 30, 2022 and 2021

Unrealized and realized gains and losses and dividends and interest income from investing in income-producing assets may be included in any of these net asset classifications depending on donor restrictions.

Income Taxes

The Foundation is exempt from income taxes under Section 501 of the Internal Revenue Code and a similar provision of state law. However, the Foundation is subject to federal income tax on any unrelated business taxable income.

The Foundation files tax returns in the U.S. Federal jurisdiction.

Functional Allocation of Expenses

The costs of supporting the various programs and other activities have been summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expenses by function. Certain costs have been allocated among the program, management and general and fundraising categories based on the various statistical or allocation methods.

Revenue from Contracts with Members

Contract revenue is recognized over a period of time in the year that the athletic events associated with the ticket occurs, which is when the performance obligation is satisfied. Payments for seating option rights are due when the contract is initiated with the option to pay for rights in full or enroll in a three- or five-month payment plan. The Foundation has determined that a significant financing component does not exist. Additionally, the Foundation has elected the practical expedient that permits an entity to not recognize a significant financing component if the time between the transfer of a good or service and payment is one year or less. Contracts receivable are stated at the amount of consideration from its members, of which the Foundation has an unconditional right to receive cash under contracts with its members in exchange for the member's right to purchase tickets for future Texas A&M University athletic events, primarily the right to purchase certain "premium seating" football tickets in Kyle Field. Contract receivables for future events is \$795,989 and \$1,146,392 as of June 30, 2022 and 2021, respectively. Revenue from fees for future athletic events is deferred and recognized over the periods to which the fees relate. At June 30, 2022 and 2021, total deferred revenue related to future athletic events is \$45,672,482 and \$43,929,930, respectively. In addition, the Foundation collects pre-payments for future years' game day parking, road game programs, and special events which are deferred and recognized over the periods to which fees relate.

Texas A&M University 12th Man Foundation
Notes to Financial Statements
June 30, 2022 and 2021

At June 30, 2022 and 2021, the total deferred revenue related to game day parking, road game programs, and special events is \$2,102,349 and \$1,913,286, respectively. Contract assets primarily relate to the Foundation's rights to consideration for performance obligations satisfied but not billed at the reporting date. The Foundation has no contract assets as of June 30, 2022 and 2021.

Transaction Price and Recognition

The Foundation determines the transaction price based on standard charges for rights to specific athletic event seating options provided.

From time to time the Foundation will receive overpayments of member balances resulting in amounts owed back to either the members or third parties. These amounts are excluded from revenues and are recorded as liabilities until they are refunded. The Foundation has determined that the nature, amount, timing and uncertainty of revenue and cash flows are affected by economic conditions and the occurrence and attendance at Texas A&M University athletic events. The Foundation processed approximately \$7,500,000 in seat contributions during the prior year due to capacity restrictions, as well as reduced number of games on the home schedule caused by the pandemic.

For the years ended June 30, 2022 and 2021, the Foundation recognized revenue of \$43,962,378 and \$10,100,821, respectively, from goods and services that transfer to the member over time.

Note 2: Contributions Receivable, Net

Contributions receivable at June 30 consists of the following:

	June 30, 2022		
	Without Donor Restrictions	With Donor Restrictions	Total
Promised contributions	\$ 97,145	\$ 88,727,491	\$ 88,824,636
Less allowance for uncollectible contributions	(53,588)	(5,323,649)	(5,377,237)
	43,557	83,403,842	83,447,399
Less present value component	-	(9,191,946)	(9,191,946)
	<u>\$ 43,557</u>	<u>\$ 74,211,896</u>	<u>\$ 74,255,453</u>
Amount expected:			
Due within one year	\$ 43,557	\$ 23,186,210	\$ 23,229,767
Due within one to five years	-	36,583,270	36,583,270
Due in more than five years	-	14,442,416	14,442,416
	<u>\$ 43,557</u>	<u>\$ 74,211,896</u>	<u>\$ 74,255,453</u>

Texas A&M University 12th Man Foundation
Notes to Financial Statements
June 30, 2022 and 2021

	June 30, 2021		
	Without Donor Restrictions	With Donor Restrictions	Total
Promised contributions	\$ 190,034	\$ 36,547,165	\$ 36,737,199
Less allowance for uncollectible contributions	(80,186)	(2,192,844)	(2,273,030)
	109,848	34,354,321	34,464,169
Less present value component	-	(2,321,298)	(2,321,298)
	\$ 109,848	\$ 32,033,023	\$ 32,142,871
Amount expected:			
Due within one year	\$ 109,848	\$ 10,228,041	\$ 10,337,889
Due within one to five years	-	20,626,991	20,626,991
Due in more than five years	-	1,177,991	1,177,991
	\$ 109,848	\$ 32,033,023	\$ 32,142,871

The discount rate used to calculate the present value component of contributions receivable for each of the years ended June 30, 2022 and 2021, was 4.0 percent. The rate is based on a risk-free rate of return adjusted for variations and timing of cash flows, uncertainties in cash flows and the length of time over which cash flows are to occur.

Note 3: Investments

The Foundation's investments at June 30 consist of:

	2022	2021
Money market fund	\$ 13,932,806	\$ 16,890,390
Corporate bonds	-	2,016,644
Investment in pooled funds held by Texas A&M Foundation	136,887,496	135,095,284
	\$ 150,820,302	\$ 154,002,318

Texas A&M University 12th Man Foundation
Notes to Financial Statements
June 30, 2022 and 2021

	2022	2021
Investments:		
Current	\$ 13,932,806	\$ 18,907,034
Long-term	136,887,496	135,095,284
	\$ 150,820,302	\$ 154,002,318

Total investment return is comprised of the following:

	2022	2021
Gain (loss) and investment earnings on investment in pooled funds held by Texas A&M Foundation	\$ (1,842,596)	\$ 38,130,264
Interest and dividends	175,365	96,686
Loss on other investments	(7,424)	(93,559)
	\$ (1,674,655)	\$ 38,133,391

Investment in pooled funds held by Texas A&M Foundation represent assets held and managed by the Texas A&M Foundation pursuant to an agency agreement dated July 1, 2003. Effective July 1, 2003, the Foundation's ownership interests were assigned through unitization to the various participants based on the market value of the securities or cash placed in the Pool by each participant. The Foundation's transactions within the Pool, the current market value is used to determine the number of units allocated to additional assets placed in the Pool and to value withdrawals from the Pool. Investment income and realized gains and losses and any unrealized gains and losses are allocated equitably based on the number of units assigned to each participant.

For full and immediate redemption of the Foundation's investment in the pooled funds, the Foundation must provide a 90-day written notice to the Texas A&M Foundation upon which the Texas A&M Foundation will provide an accounting of the investment in the pooled funds and a breakdown between marketable and non-marketable assets back to the Foundation within 30 days after the 90-day notice period. No unfunded commitments existed at year-end.

Within 30 days of the accounting, the Texas A&M Foundation will redeem the Foundation's investment at NAV for marketable assets and at 90 percent to 100 percent of NAV for non-marketable assets, as determined by the Board of the Texas A&M Foundation. The Foundation may redeem the investment without penalty if the funds are withdrawn over a period of five years.

Texas A&M University 12th Man Foundation
Notes to Financial Statements
June 30, 2022 and 2021

At June 30, 2022 and 2021, the Pool's major investment types include:

	2022	2021
Domestic equities	\$ 319,052,312	\$ 408,964,319
International equities	316,962,071	428,767,023
Global equities	189,291,150	299,965,975
Real estate and personal property	447,642,288	396,388,325
Private equities	806,688,095	589,983,854
Alternative marketable investments	196,516,894	172,873,342
Alternative fixed income	42,151,164	16,202,694
Domestic fixed income	219,173,815	212,711,885
Cash and cash equivalents	<u>53,530,624</u>	<u>91,134,641</u>
	<u>\$ 2,591,008,413</u>	<u>\$2,616,992,058</u>

The pool's participant's market value is determined by the market value of the securities held and the number of units allocated to the Foundation.

The Foundation, through the Texas A&M Foundation, invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the accompanying statements of financial position.

Note 4: Property and Equipment, Net

Property and equipment at June 30 consists of the following:

	2022	2021
Furniture and equipment	\$ 2,234,580	\$ 2,038,374
Leasehold improvements	3,391,980	3,345,405
Vehicles	<u>286,146</u>	<u>221,510</u>
	5,912,706	5,605,289
Accumulated depreciation	<u>(2,924,326)</u>	<u>(2,643,788)</u>
	<u>\$ 2,988,380</u>	<u>\$ 2,961,501</u>

The Foundation's depreciation expense for the years ended June 30, 2022 and 2021, was \$362,762 and \$330,207, respectively.

Texas A&M University 12th Man Foundation
Notes to Financial Statements
June 30, 2022 and 2021

Note 5: Net Assets

Net Assets With Donor Restrictions

Net assets with donor restrictions at June 30 are restricted for the following purposes or periods:

	<u>2022</u>	<u>2021</u>
Subject to expenditure for specified purpose:		
12th Man Foundation funds	\$ 169,189	\$ 168,249
Athletic department funds	5,756,378	6,172,799
Athletic endowment funds	689,092	627,826
Athletic facility funds	124,295,901	65,339,000
Support groups	<u>4,416,009</u>	<u>4,737,388</u>
	<u>135,326,569</u>	<u>77,045,262</u>
Subject to endowment spending policy or appropriation accumulated gains, endowments and investment in perpetuity:		
12th Man Foundation funds	69,912,410	73,608,340
1922 scholarship funds	22,151,266	22,243,489
Athletic department funds	7,928,482	7,983,849
Athletic endowment funds	10,698,734	10,876,726
Support groups	<u>1,482,404</u>	<u>1,482,501</u>
	<u>112,173,296</u>	<u>116,194,905</u>
	<u>\$ 247,499,865</u>	<u>\$ 193,240,167</u>

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purposes or by occurrence of other events specified by donors as follows:

	<u>2022</u>	<u>2021</u>
Satisfaction of purpose restrictions:		
12th Man Foundation funds	\$ 3,738	\$ 604,271
Athletic Department funds	2,359,496	835,510
Athletic Facility funds	25,161,134	9,488,137
Support groups	1,324,837	834,211
Restricted purpose spending-rate distribution and appropriations:		
12th Man Foundation funds	2,669,790	9,126,190
Athletic department funds	-	9,871
Athletic endowment funds	240,617	847,868
1922 scholarship funds	885,920	-
Support Groups	<u>10,249</u>	<u>14,950</u>
	<u>\$ 32,655,781</u>	<u>\$ 21,761,008</u>

Texas A&M University 12th Man Foundation
Notes to Financial Statements
June 30, 2022 and 2021

Note 6: Endowment

The Foundation's endowment consists of approximately 66 individual funds established for a variety of purposes. The endowment includes donor-restricted endowments. As required by GAAP, net assets associated with endowment funds, including any funds designated by the Board to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

The Foundation's Board has interpreted the *State of Texas Prudent Management of Institutional Funds Act* (TPMIFA) as requiring preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as net assets with donor restrictions (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of donor-restricted endowment funds is classified as net assets with donor restrictions until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by TPMIFA. In accordance with TPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. Duration and preservation of the fund
2. Purposes of the Foundation and the fund
3. General economic conditions
4. Possible effect of inflation and deflation
5. Expected total return from investment income and appreciation or depreciation of investments
6. Other resources of the Foundation
7. Investment policies of the Foundation

Changes in endowment net assets for the years ended June 30 were as follows:

	June 30, 2022
	With Donor Restrictions
As of July 1, 2021	\$ 116,194,905
Investment return:	
Net appreciation (realized and unrealized)	(1,522,834)
Contributions	1,393,513
Bad debt expense	(85,712)
Appropriation of endowment assets for expenditures	(3,806,576)
As of June 30, 2022	\$ 112,173,296

Texas A&M University 12th Man Foundation
Notes to Financial Statements
June 30, 2022 and 2021

	June 30, 2021
	With Donor Restrictions
As of July 1, 2020	\$ 93,292,202
Investment return:	
Net appreciation (realized and unrealized)	29,278,307
Contributions	3,991,874
Bad debt expense	(368,599)
Appropriation of endowment assets for expenditures	(9,998,879)
As of June 30, 2021	\$ 116,194,905

Amounts of donor-restricted endowment funds at June 30, 2022 and 2021, consisted of:

	With Donor Restrictions	
	2022	2021
Portion of perpetual endowment funds required to be retained permanently by explicit donor stipulation or TPMIFA	\$ 59,833,565	\$ 58,535,100
Portion of perpetual endowment funds subject to a restriction under TPMIFA	52,339,731	57,659,805
	\$ 112,173,296	\$ 116,194,905

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level the Foundation is required to retain as a fund of perpetual duration pursuant to donor stipulation or TPMIFA. In accordance with GAAP, deficiencies of this nature are reported in assets with donor restrictions and aggregated \$5,307 and \$0 as of June 30, 2022 and 2021, respectively. These deficiencies resulted from unfavorable market fluctuations that occurred shortly after investment of new donor restricted contributions and continued appropriation for certain purposes that was deemed prudent by the governing body.

The Foundation through an agreement with the Texas A&M Foundation has elected to invest its endowment completely in the Long-term Investment Pool (Pool) of the Texas A&M Foundation. Accordingly, the return objectives and risk parameters and strategies employed for achieving objectives of the Texas A&M Foundation have been adopted by the Foundation.

The Texas A&M Foundation has adopted investment and spending policies, as approved by the Board, for the Pool that attempt to provide a predictable stream of funding to programs supported by the Pool while seeking to maintain the purchasing power of the Pool. The long-term investment objective of the Pool is to earn an average annual real (inflation-adjusted) return at least equal to the payout rate, net of all investment fees while assuming a moderate amount of risk. The payout rate will vary with the market environment, but will generally be between 4.0 percent and 5.0 percent. This should be achieved over rolling five- to ten-year periods on a total return basis. The Pool includes endowed assets, non-endowed assets and agency funds. Actual returns in any given year may vary considerably from this amount.

Texas A&M University 12th Man Foundation
Notes to Financial Statements
June 30, 2022 and 2021

For the fiscal years 2022 and 2021, the Texas A&M Foundation appropriated 5.0 percent for distribution from the Pool's average fair value over the prior 20 quarters through the calendar year-end preceding the fiscal year in which the distribution is planned. The Board continues to follow the adopted revised policy to reduce distributions by 0.1 percent annually until the distribution is 5.0 percent. In establishing this policy, the Board considered the long-term expected return on its endowment. Accordingly, over the long term, the Foundation expects the current spending policy to allow its endowment to grow at an annual rate that is at least equal to the rate of inflation. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term, as well as to provide additional real growth through new gifts and investment return.

Note 7: Liquidity and Availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of June 30, 2022 and 2021, comprise the following:

	2022	2021
Unrestricted cash and cash equivalents	\$ 36,088,701	\$ 13,238,017
Accounts receivable	4,222	4,701
Net contributions receivable for general operations due in one year or less	839,546	1,256,240
Budgeted annual collections from seat renewals due in one year or less	45,676,551	42,038,750
Athletic commitments due in one year or less	(39,809,003)	(35,551,101)
Financial assets available to meet cash needs for general expenditures within one year	\$ 42,800,017	\$ 20,986,607

The Foundation manages its liquidity and reserves following three guiding principles: operating within a prudent range of financial soundness and stability, maintaining adequate liquid assets to fund near-term operating needs, and maintaining sufficient reserves to provide reasonable assurance that long-term obligations will be discharged. The Foundation strives to maintain liquid financial assets sufficient to cover 90 days of general expenditures. Financial assets in excess of daily cash requirements are invested in money market funds and other short-term investments in compliance with the Foundation's investment policy. The Foundation provides its cash management group with a funding schedule in order to maximize earning potential around the Foundation's cash needs.

Texas A&M University 12th Man Foundation

Notes to Financial Statements

June 30, 2022 and 2021

The table above reflects the Foundation's financial assets as of June 30, 2022 and 2021, reduced by amounts that are not available to meet general expenditures within one year of the statement of financial position date because of contractual restrictions or internal board designations. In addition, the Foundation has made commitments over the years to the University to fund large athletic projects. Although these commitments are not legally binding obligations, the Foundation does plan to pay these commitments as they become due. The Foundation has shown budgeted cash and cash equivalent collections for annual seat renewals for the following fiscal year to demonstrate how it plans to meet its commitment for these athletic projects due within one year of financial position date.

Note 8: Contributed Nonfinancial Assets

Contributed nonfinancial assets recognized as revenue within the statement of activities included technology equipment valued at \$51,637 and donor-chartered flights provided for Texas A&M Athletic Department use valued at \$71,135 for the year ended June 30, 2022.

The contributed technology equipment will be used for fundraising and administrative activities. In valuing the contributed equipment, the Foundation recorded the fair value on the basis provided by the established vendor.

Contributions of services, if any, are recognized as revenue at their estimated fair value only when the services received create or enhance nonfinancial assets or require specialized skills possessed by the individuals providing the service and the service would typically need to be purchased if not donated. The Foundation received \$5,230 and \$0 in contributed services requiring recognition in the year ended June 30, 2022 and 2021, respectively.

Office Space

The Foundation occupies office space in the University's buildings. The value of the University office space and services has not been included in the financial statements, as this space is state property and restricted as to its use; therefore, there is no rental value to record.

Note 9: Commitments

The Foundation has outstanding commitments to the University for facilities and ongoing program needs of the athletic department. While these commitments do not represent legally binding obligations of the Foundation, it does plan to pay the commitments as they become due. A summary of the outstanding commitments, including interest, as of June 30, 2022, is as follows.

Texas A&M University 12th Man Foundation

Notes to Financial Statements

June 30, 2022 and 2021

Annual transfers (through year ending June 30, 2030)	\$ 133,385,509
Bright Complex	2,671,230
Blue Bell Park at Olsen Field	6,104,750
Kyle Field redevelopment	340,080,640
Outdoor track and softball stadium	332,365
Swimming and diving upgrades	1,298,232
Cox McFerrin Center for Aggie Basketball	530,395
Additional athletics commitments	<u>15,996,779</u>
	<u>\$ 500,399,900</u>

Funding for the Foundation's commitments will be sourced from cash, investments, investment returns, contributions receivable and from future donor contributions. As of June 30, 2022 and 2021, the Foundation held approximately \$239,500,000 and \$164,500,000 of net assets respectively and all that are not specifically restricted to other uses are available to fund these future commitments. The following provides additional information for each of the commitments summarized above.

Annual Transfers

During the year ended June 30, 2015, the Annual Transfer was set at \$10,600,000 with a plan of increasing it at a rate of 2 percent per year. Additionally, with the last payment for the Zone Club being in 2020, the Annual Transfer increased by \$3,000,000 in 2021. The Annual Transfer commitment in the chart above is for the eight-year period of 2023 through 2030. The 2 percent increase per year is subject to review and may be amended by the Affiliation Agreement between the 12th Man Foundation and Texas A&M University.

Kyle Field South End Zone Athletic Complex (Bright Complex)

In the February 1, 2002 Athletic Complex Funding Agreement (an addendum to the 1998 agreement) between the Foundation and the University, the Foundation agreed to provide financial support for the construction of the Kyle Field South End Zone Athletic Complex (Bright Complex) by contributing funds to cover debt service of the University debt issued for construction costs up to \$25,000,000, plus related interest and actual debt issuance costs less any funds transferred to the University prior to the issuance of any indebtedness.

On June 1, 2005, the Board of Regents of the University System issued Revenue Financing System Bonds in the total amount of \$434,650,000, of which the Foundation committed to pay \$11,443,309 of the total debt service related to construction costs of the Bright Complex, to be paid in annual installments of \$890,000 annually for the period of 2005-2025. The Foundation also agreed to maintain a debt service reserve account equal to total debt service due within the next year in its cash or cash equivalents. The Foundation's capital campaign gifts restricted to the Bright Complex and unrestricted capital campaign gifts received by the Foundation, not exceeding the maximum obligation, are pledged as collateral under the agreement.

Texas A&M University 12th Man Foundation
Notes to Financial Statements
June 30, 2022 and 2021

The remaining future debt service amounts to be funded by the annual commitments above are as follows:

	Principal	Interest	Total
2023	769,336	121,241	890,577
2024	807,666	82,774	890,440
2025	847,822	42,391	890,213
	\$ 2,424,824	\$ 246,406	\$ 2,671,230

Blue Bell Park at Olsen Field

The Foundation agreed to assist the University by contributing funds to cover debt service on University debt issued for construction costs associated with the renovation of Olsen Field. The Foundation has committed to annual contributions of \$288,284 for the period of 2014-2043.

The remaining future debt service amounts to be funded by the annual commitments above are as follows:

	Principal	Interest	Total
2023	\$ 110,000	\$ 179,000	\$ 289,000
2024	115,000	173,500	288,500
2025	125,000	167,750	292,750
2026	125,000	162,750	287,750
2027	135,000	156,500	291,500
2028-2032	775,000	675,250	1,450,250
2033-2037	1,000,000	460,000	1,460,000
2038-2042	1,250,000	209,000	1,459,000
2043	275,000	11,000	286,000
	\$ 3,910,000	\$ 2,194,750	\$ 6,104,750

Redevelopment of Kyle Field

Although no formal agreements have been signed, the Foundation agreed to cover any shortfalls in the license and sales revenue required to fund the debt service and debt coverage ratio of the seat license bonds totaling up to \$231,850,000. The Foundation has committed to annual contributions of approximately \$16,200,000 for the period 2015-2043 to cover the amount of the bonds plus accrued interest.

Texas A&M University 12th Man Foundation
Notes to Financial Statements
June 30, 2022 and 2021

The related remaining future debt service amounts funded by the annual commitments above are as follows:

	Principal	Interest	Total
2023	\$ 5,860,000	\$ 10,298,797	\$ 16,158,797
2024	6,155,000	10,005,797	16,160,797
2025	6,460,000	9,698,047	16,158,047
2026	6,785,000	9,375,047	16,160,047
2027	7,125,000	9,035,797	16,160,797
2028-2032	41,430,000	39,565,843	80,995,843
2033-2037	52,505,000	28,533,913	81,038,913
2038-2042	66,900,000	14,139,622	81,039,622
2043	15,440,000	767,777	16,207,777
	\$ 208,660,000	\$ 131,420,640	\$ 340,080,640

The Foundation also agreed to cover any shortfalls in the gift revenue required to fund the debt service and debt service coverage up to \$170,000,000 for the redevelopment of Kyle Field. This commitment was fulfilled in 2019.

Outdoor Track and Softball Stadium

The Foundation has committed to pay \$25,000,000 toward the Outdoor Track and Softball projects over a five-year period. The five installments of \$5,000,000 each were paid in August 2016 through 2020.

The Foundation committed to send the University all funds already collected for these two projects and make a best effort to raise additional funds to cover the projects up to a total of \$68,940,000, less the \$25,000,000 above and the \$25,000,000 being bonded by the Athletic Department. The Foundation has received contribution pledges to cover the \$18,940,000 and has transferred funds in the amount of \$18,607,635 to the University, leaving a balance of \$332,365. The Foundation has cash on hand of \$676,269 and \$37,200 in pledges receivable to collect against these projects.

Swimming and Diving Upgrades

The Foundation has committed to pay \$6,200,000 toward the \$8,200,000 Swimming and Diving Project. The Athletic Department has agreed to fund \$2,000,000. As of June 30, 2022, \$4,901,767 has been sent to the University, leaving a balance of \$1,298,232. The Foundation has cash on hand of \$1,296,599 and \$208,711 in pledges receivable to collect against this project.

Texas A&M University 12th Man Foundation
Notes to Financial Statements
June 30, 2022 and 2021

Cox McFerrin Center for Aggie Basketball

The Foundation has committed to pay \$3,750,000 toward the \$4,000,000 Cox McFerrin Center for Aggie Basketball Project. The Athletic Department has agreed to fund \$250,000. Based on projected costs, the Foundation agreed to raise an additional \$750,000 to fully fund the project. As of June 30, 2022, \$3,219,604 has been sent to the University, leaving a balance of \$530,395. The Foundation has cash on hand of \$567,056 and \$20,000 in pledges receivable to collect against this project.

Additional Athletics Commitment

Although no formal agreements have been signed, the Foundation Board of Trustees approved the financial support of the Athletic Department's projected deficits through the end of fiscal year 2024. The projected deficit is estimated to be \$28,596,002 and consists of operating budget deficits and basketball transition costs. The Foundation agreed to use a variety of sources of funding to cover the deficit, which include the Excellence Fund, Kyle Field and other capital excess funds, and 12th Man unrestricted cash reserves. As of June 30, 2022, \$12,599,223 has been sent to the University, leaving a balance due of \$15,996,779 to be paid over the following schedule.

	Total
2023	9,950,000
2024	6,046,779
	\$ 15,996,779

Bright Area Redevelopment

In the May 2022 Bright Area Redevelopment Funding Agreement between the Foundation and the University, the Foundation committed to support Texas A&M and the Texas A&M Athletics Department by providing funding for a substantial portion of the Bright Area Redevelopment project by contributing funds to cover debt service of the University debt issued for construction costs, less any funds transferred to the University prior to the issuance of any indebtedness.

As of the date of these issued financial statements, the Board of Regents of the University System had not issued Revenue Financing System Bonds. The parties agreed to amend the existing Agreement to incorporate the debt service repayment schedule once debt service is issued. The Foundation's indebtedness shall be limited to a maximum obligation of \$180,000,000 plus related interest and a pro rata share of actual debt issuance costs less funds that have been transferred by the Foundation to Texas A&M prior to this agreement and less funds transferred by the Foundation to Texas A&M at the time of, or prior to the issue of debt. The University agreed to cover the remaining \$55,000,000 for the project from a combination of cash reserves in the stadium revenue funds and other university reserves.

Texas A&M University 12th Man Foundation

Notes to Financial Statements

June 30, 2022 and 2021

This obligation is comprised of the following items:

Debt service*	\$ 35,000,000
South End Zone Suite capital	25,000,000
Centennial capital gifts	<u>120,000,000</u>
	<u>\$ 180,000,000</u>

*Debt service is to be based upon actual borrowing, market rates or interest at issuance, issuance costs, interim financing capitalized up to two years and a thirty year debt repayment.

Automobile Leases

The Foundation leases certain automobiles on behalf of the University. Lease payments on behalf of the University are treated as contributions in the year of payment. Minimum payments required under these lease agreements are as follows:

	Total
2023	<u>\$ 74,339</u>

Note 10: Disclosures About Fair Value of Assets and Liabilities

Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value.

- Level 1** Quoted prices in active markets for identical assets or liabilities.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Recurring Measurements

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statements of financial position measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at June 30, 2022 and 2021.

Texas A&M University 12th Man Foundation
Notes to Financial Statements
June 30, 2022 and 2021

Fair Value Measurements					
	Total	Level 1	Level 2	Level 3	Investments Measured at NAV (A)
June 30, 2022:					
Recurring basis:					
Assets:					
Cash equivalents	\$ 58,708,367	\$ 58,708,367	\$ -	\$ -	\$ -
Money market fund	13,932,806	-	-	-	13,932,806
Long-term investment pool:					
Investment in pooled funds held by Texas A&M Foundation	136,887,496	-	-	-	136,887,496

Fair Value Measurements					
	Total	Level 1	Level 2	Level 3	Investments Measured at NAV (A)
June 30, 2021:					
Recurring basis:					
Assets:					
Cash equivalents	\$ 21,205,814	\$ 21,205,814	\$ -	\$ -	\$ -
Money market fund	16,890,390	-	-	-	16,890,390
Corporate bonds	2,016,644	-	2,016,644	-	-
Long-term investment pool:					
Investment in pooled funds held by Texas A&M Foundation	135,095,284	-	-	-	135,095,284

(A) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts included above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of financial position.

Following is a description of the valuation methodologies and inputs used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying statements of financial position, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended June 30, 2022 and 2021.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults,

Texas A&M University 12th Man Foundation
Notes to Financial Statements
June 30, 2022 and 2021

cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

There were no assets or liabilities measured at fair value on a nonrecurring basis.

Alternative Investments

Investments in certain entities measured at fair value using the net asset value per share as a practical expedient consist of the following:

2022					
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Period	Notice
Investment in pooled funds held by Texas A&M Foundation (A)	\$ 136,887,496	\$ -	Annually	90 days	
Money market fund (B)	13,932,806	-	Daily	Daily	
2021					
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Period	Notice
Investment in pooled funds held by Texas A&M Foundation (A)	\$ 135,095,284	\$ -	Annually	90 days	
Money market fund (B)	16,890,390	-	Daily	Daily	

- (A) Investment in Pooled Funds Held by Texas A&M Foundation: To satisfy its long-term rate-of-return objectives, Texas A&M Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.
- (B) Includes investment in a money market fund measured at net asset value that seeks to maintain a stable net asset value of \$1.00 per share through investing in a diversified portfolio of high quality, U.S. government money market instruments and in related repurchase agreements.

Note 11: Employee Benefit Plan

The Foundation has a qualified defined contribution pension plan (the Plan) covering substantially all its employees. The Board of Directors annually determines the amount, if any, of the Foundation's contributions to the plan. Pension expense was \$467,770 and \$526,437 for the years ended June 30, 2022 and 2021, respectively.

Texas A&M University 12th Man Foundation

Notes to Financial Statements

June 30, 2022 and 2021

The Foundation provides a retirement annuity program covering substantially all its employees. Contributions to the plan are funded by voluntary salary reductions of participating employees.

Note 12: Related-party Transactions

Currently, the University provides office space, utilities and janitorial services to the Foundation for its administrative offices. The Foundation is responsible for any leasehold improvements to the offices.

Note 13: Significant Estimates and Concentrations

GAAP requires disclosure of certain significant estimates and current vulnerabilities, due to certain concentrations. Those matters include the following:

Contributions Receivable

Two donors were responsible for approximately 47 percent of all contributions receivable as of June 30, 2022. Three donors were responsible for approximately 37 percent of all contributions receivable as of June 30, 2021.

General Litigation

The Foundation is subject to claims and lawsuits that arose primarily in the ordinary course of its activities. It is the opinion of management that the disposition or ultimate resolution of such claims and lawsuits will not have a material adverse effect on the financial position, change in net assets and cash flows of the Foundation. Events could occur that would change this estimate materially in the near term.

Investments

The Foundation invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such change could materially affect the amounts reported in the accompanying statements of financial position.

As of June 30, 2022 and 2021, the Foundation had 91 percent and 88 percent, respectively, of its investments in the pooled funds held by Texas A&M Foundation.

Note 14: Subsequent Events

Subsequent events have been evaluated through November 28, 2022, which is the date the financial statements were available to be issued.
