12TH MAN FOUNDATION DONOR POLICIES

For inquiries regarding 12th Man Foundation donor policies, please call 888-992-4443 or email customersupport@12thmanfoundation.com

PRIORITY POINT POLICIES

The Aggie Access Priority Point Program (“Priority Point Program”), consistent with the mission of the 12th Man Foundation (“Foundation”), provides a fair, transparent and verifiable method for determining donor priority and guiding the distribution of benefits to donors. The Priority Point Program recognizes our donors’ commitment to Aggie Athletics and the mission of the Foundation by honoring and rewarding their generous financial support and passion for Texas A&M while ensuring equitable access to benefits for all faithful supporters. Donors receive priority points for charitable giving (including annual donations associated with priority season tickets), being a season ticket holder, service and loyalty. The Priority Point Program will allow 12th Man Foundation individual donors to acquire priority points over the life of the donor.

Adoption and Implementation

The Priority Point Program Policy was adopted by the 12th Man Foundation Board of Trustees (“Board”) on June 26, 2020, to be effective on June 26, 2020. Unless specifically stated herein, this policy supersedes and replaces any previously adopted Priority Point Program Policy.

Eligibility

To earn and retain priority points, a donor’s account must be active by maintaining their membership.

Expiration

- For individual donors, priority points are accrued in the personal account of the individual donor for their lifetime.
- For any non-individual donor, such as an organization, business, corporation, foundation or donor-owned entity such as a Limited Liability Company or Limited Liability Partnership, priority points expire 10 years after the date earned. The expiration of priority points which originated prior to January 15, 2015, held by a non-individual donor, however, are governed by the policy in effect prior to the amended policy that became effective on January 15, 2015, which did not define an end date for priority points held in non-individual donor accounts.

Ranking

Seating and parking for all ticketed sports is based on your ranking. Ranking determines future ticket allocation and seating priority for all ticketed sports as well as parking assignments when applicable. All account holders shall have access to their account online in their Account Manager area located after logging in on www.12thmanfoundation.com.

Transfers

To ensure fairness, transparency and equitable treatment of all donors, Foundation priority points are not transferable. Unless expressly permitted under the terms of this policy, priority points may not be sold, transferred or reassigned under any circumstances.

Marriage/Divorce

- If two individuals (while legally married) have accounts in their individual capacities under different names, priority points accumulated by either spouse may be combined in one single joint account. The new joint account shall be recalculated to reflect the overall point total of the previously held individual accounts. This rule shall only apply to married spouses and shall not include couples who are engaged or couples who live at the same residence.
- In the event of a divorce, the Foundation shall adhere to the specific order or instructions set forth in the marital settlement agreement or divorce decree and shall allocate priority points, season tickets and parking accordingly. If the allocation of season tickets and parking is not specifically addressed in a divorce decree, all season tickets and parking amassed during marriage shall be divided as stated in the written agreement between both parties. Absent a marital settlement agreement or other written agreement between the parties, a determination on the allocation of the priority points between the spouses will be made by the Foundation at its sole discretion.

Gifts made to benefit or credit another entity

- Prior to or at the time an eligible gift is made, a donor may request that the priority points earned from said gift be credited to another individual donor except when such priority points were related to a required seat contribution. Once credited to another individual, these priority points cannot be transferred further to any other individual or entity except under the other express provisions of the Priority Point Program.
- Priority points awarded based on a required seat contribution must remain associated with the primary ticket holder reflected in the Foundation's records.
- Subject to approval of the Foundation, a donor making a planned gift may designate a recipient of the associated priority points which will be awarded upon the gift being valued and received by the Foundation. The donor making the planned gift may change the designated recipient prior to the priority points being awarded subject to the approval of the Foundation. It is the responsibility of the donor to complete the planned gift priority point recipient designation form and failure to do so may result in the forfeiture of any points associated with the planned gift.

Non-Renewal/Dissolution of Business

- If a non-individual donor dissolves or ceases to do business, the entity shall direct the Foundation in writing, after the entity has complied with the appropriate statutory requirements for winding up its affairs, how the priority points shall be allocated. Such allocation shall only be made to another donor and such priority points shall be subject to the same expiration provisions that the priority points were subject to at origination.
- If the entity does not direct the Foundation with respect to how the priority points shall be allocated within sixty (60) days of winding up its affairs, the priority points may lapse and become non-transferable.
- In the event an entity dissolves or ceases to do business and the entity has failed to direct how to re-allocate its priority points, the Foundation may, on its own initiative determine whether individuals have been instrumental in the entity's support of Texas A&M Athletics and allow a re-allocation of some or all the entity's priority points as determined fair and equitable by the foundation. In such case, impacted priority points shall be subject to the same expiration provisions that the points were subject to at origination.

PRIORITY POINTS DISCLAIMERS

Decisions of the Foundation are final. All decisions with the respect to formally submitted reviews, challenges or appeals are final.

Errors/Miscalculations

Errors in calculation of priority points will be promptly reviewed and corrected when brought to the attention of the Foundation.

Not Liable for Losses or Damages

Under no circumstances shall the University, the Texas A&M Athletics Department, the Foundation, the Texas A&M Lettermen's Association, any of their affiliated organizations or any of their officers, directors, agents, employees or consultants be held liable for any loss or damage resulting from errors, whether intentional or negligent, including miscalculation or omissions, failure to correct errors or the award or failure to award priority points or benefits in accordance with the Priority Point Program.

Subject to Change without Notice

Priority Point Program policies and procedures are subject to change without notice to donors. Regardless of actual or constructive notice to donors, all changes shall have immediate effect.

Loss of Accounts/NCAA Violations

Any donor or account holder who is found to be in violation of NCAA, affiliated conference or Texas A&M University rules or regulations is potentially subject to loss, suspension, denial or non-renewal of priority points. Donors disassociated from Texas A&M University because of action taken and upheld by the NCAA or the affiliated conference are not eligible to receive priority points during the period of their disassociation.

BENEFITS OF PRIORITY POINTS

Requests and Assignment of Home, Away and Postseason Tickets

The Foundation uses priority ranking in the requests and allocation of home, away and postseason game tickets for all sports. KYLE FIELD SEATING OPTION LINEAL TRANSFER POLICY (FOOTBALL)

A football season ticket holder whose seats include a contractual lineal transfer option may authorize the Foundation to transfer the seat options listed on their Lineal Transfer Agreement. The transferor must confirm that the transferee is a lineal descendant and qualifies for the transfer option granted in the Kyle Field Seating Option Commitment. The transferor understands that upon the execution of the agreement they will forever relinquish all rights to the seats listed on the transfer record. The transferor also understands that only the right to the seating option(s) is transferred and any related priority points, credits, or parking are not transferred. The transferee understands that upon signing the lineal transfer agreement they must pay the annual contributions and season ticket costs established by the Foundation to maintain and use the transferred seats during the entire seating term. The transferee understands that they must pay for any parking privileges that are obtained and that those parking privileges will be assigned based on the transferee's priority points, independent of this agreement. The Foundation retains the right to increase the annual contribution and/or season ticket cost required to retain the seats referenced herein.
